

The diagram illustrates the wind attack on a pillar from a top-down perspective. A grey rectangular pillar is positioned on the right side of the frame. A horizontal dashed line extends from the left side of the pillar. Three arrows, representing wind flow, point towards the pillar from the upper left. The topmost arrow is labeled 'Wind'. The middle arrow is labeled 'speed' with a bracket indicating its magnitude. The bottom arrow is labeled 'angle of attack' with a dashed line indicating the angle between the arrow and the horizontal dashed line.
